### **Hands on Teaching**

*In order to achieve a standard in teaching Ballet, which is a physical discipline, the occasion may arise where a child's position may need to be physically adjusted to correct posture or placement.*

*I \_\_\_\_\_ understand that this may be sometimes required in the teaching of my child but will only be applied after their permission has been requested and given and that this will be followed through in a manner that will cause no harm or discomfort to my child and will only be used when is necessary.*

*Signed:* \_\_\_\_\_

### **Photos**

*I am/am not happy to allow the use of photographs taken during the year by the school or media for publicity use. I undertand that no signage/labelling will be used to indicate the name or any private details of my child.*

*Signed:* \_\_\_\_\_
